Clifford L. Green  
1360 East 13200 South  
Draper, Utah 84020

Dear Mr. Green:

It has come to my attention that some of your property located in Section 3, T16S, R.E, SLB&M is being irrigated with no apparent water right. Enclosed is a copy of the State Engineers plat map showing the land status in said section. As you can see, the E1/2NE1/4 of this section was brush land at the time of the Sevier River Decree. Therefore, there is not a water source for the irrigation of said land.

Because this is apparently an enlargement or acreage expansion, it is necessary for you to contact this office. Either verify that this is an expansion of the irrigated acreage or you have water rights covering this use.

Please notify this office of the validity of your irrigation practice no later than October 8, 1990. I appreciate your consideration and immediate response to this matter.

Sincerely,

Kirk Forbush, P.E.  
Area Engineer

KF/clw
